

Discover Cambridge English Qualifications

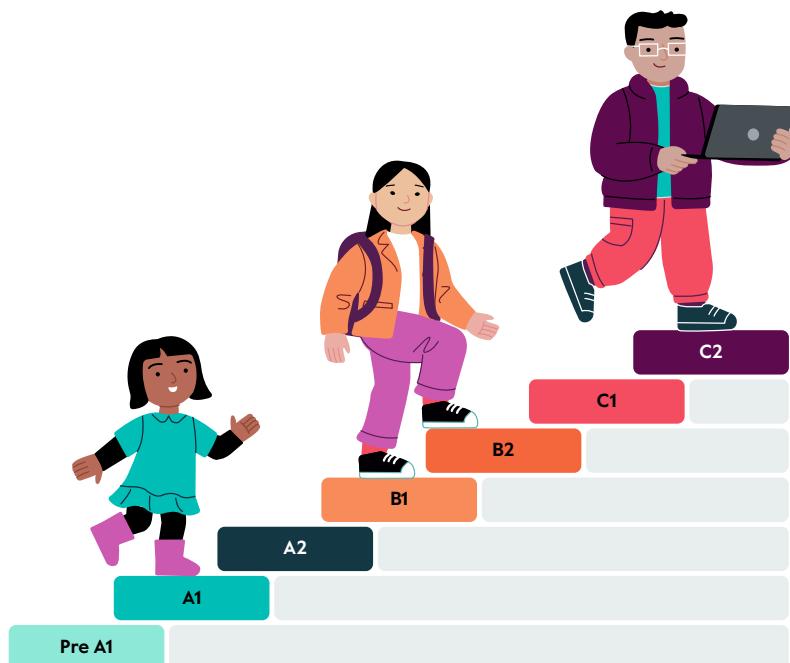

Learning for life

Your child's education matters

Prepare them for a life beyond the classroom with our globally recognised exams.

Learning English is more than just grades. It's about having the confidence to communicate and access a lifetime of experiences and opportunities. Cambridge English Qualifications are a mark of excellence, accepted and trusted by thousands of organisations worldwide. They are designed for school-aged students, giving them regular milestones to keep them motivated.

Accepted by

13,000+

higher and further education institutions

11,000+

employers

900+

governments and ministries from 80 countries

for study, work and migration.

"My daughter's confidence in English has grown a lot. When I see her with a Cambridge certificate, I will feel very joyful and excited that she got there."

Claudia – Parent, Mexico

Confidence today, opportunities for a lifetime

Each Cambridge English Qualification is matched to a level of the Common European Framework of Reference (CEFR). The CEFR is used worldwide to benchmark language ability and plays a central role in language education and policy. Based on research, our level-based exams provide practical skills for the real world and develop your child's speaking, writing, reading and listening skills. As their language ability grows, so will their confidence.

A2 Key & A2 Key for Schools

Our entry-level exams show learners can communicate in simple situations. They give learners the confidence to go on and study for higher-level exams, with age-appropriate content.

B1 Preliminary & B1 Preliminary for Schools

A great foundation. Having this language level proves that learners have mastered the basics of English and that they have practical language skills for everyday use.

B2 First & B2 First for Schools

At this level, learners have the language skills to live and work in an English-speaking country or study on courses taught in English. B2 First results are accepted by thousands of businesses and educational institutions worldwide.

C1 Advanced

More than 11,000 educational institutions, businesses and government departments around the world accept C1 Advanced as proof of high-level achievement in English. It helps learners develop the skills to make the most of studying, working and living in English-speaking countries.

C2 Proficiency

By achieving C2 Proficiency, learners have mastered English to an exceptional level. Also widely recognised around the world for study, work and immigration, a C2 certificate proves they can communicate with fluency and have the level of English that is needed to study or work in a very senior professional or academic role.

Help them prepare

You can support your child's learning journey outside of the classroom too. Discover our mobile-friendly exam practice app, Test & Train, and find sample papers, worksheets, vocabulary lists and exam guides on our website.

What's next?

Our exams are run by local exam centres and are either paper-based or digital. The qualification at the end is the same, but there are differences in the exam delivery, experience and timing.

Talk to your child's teacher or get in touch with your local exam centre to learn more about the exam format, availability and schedules.

"A Cambridge certificate is really good because if you go for a job and they see you have a really good English level, you will have an advantage."

Ricardo – Student, Spain
