Fast, accurate English language testing to drive your business forward
We are Cambridge University Press & Assessment, part of the University of Cambridge. Our unique learning resources and assessments engage and inspire millions of learners throughout their entire learning journey.

Our qualifications are accepted and trusted by over 25,000 universities, employers and governments around the world. They are a mark of excellence and open doors to higher education and employment opportunities.

Linguaskill has an entire team focused on combining the latest technology with the reliability and quality you expect from Cambridge. Powered by Artificial Intelligence (AI), it has been trialled by speakers of over 40 languages from 50 countries and is based on extensive and ongoing research.
Grow your business globally

Linguaskill is an online test that helps you identify if job applicants or employees have the right English skills to perform effectively. It empowers businesses to make important decisions on recruitment or training staff with the English skills needed to succeed in their role. Employees with high level English communication skills are essential for supporting relationships with colleagues, customers, partners and global organisation around the world.

You can use Linguaskill for:

- **Recruitment**
  Make better recruitment decisions by making sure you employ staff with the English skills needed to succeed in their role.

- **Job role benchmarking**
  Different jobs require different levels of English. Linguaskill makes it easy to set the levels of English required for job roles and check if staff or applicants have the right level for the job.

- **Training and promotion**
  Administer Linguaskill at the start and end of learning programmes to identify training needs and measure progress.

How it works

Test the language skills your business needs

Linguaskill tests all four language skills as modules so you can test the skills most relevant to the role. You can also choose between the General test, which focuses on everyday English, and the Business test, which focuses more on language used in the workplace.

Preparing for Linguaskill

We provide a range of resources to help your staff improve their English and prepare for Linguaskill. These resources will help them to familiarise themselves with the question types and format so they can approach the test confidently, while also improving their English in each of the four skills.

Our free range of practice materials includes:

- online sample tests
- preparation videos
- top tips for each module
- practice tests for reading, listening and writing.

The tests are logical and easy to navigate by candidates, and there is a wealth of free preparation materials that our students are finding extremely helpful.

Support for organisations

Some businesses that use Linguaskill will provide English language training to their employees before asking them to take the Linguaskill test. Others will administer the test at the start and end of the learning programme to measure progress. These resources can be used either for self-guided learning or as part of a formal course, to support whichever path you choose.

Linguaskill Online Course

The Linguaskill Online Course helps your employees practise their English skills and prepare for Linguaskill. Each course module includes:

- an overview of the Linguaskill test modules
- grammar, vocabulary and communicative English practice
- authentic test practice for each language skill
- a unique practice test to try before taking Linguaskill
- tips on how to improve your test performance.

Results and reporting

Accurate and easy-to-read results

Results reports are easy to read and applicants receive a CEFR level, the international standard for describing language ability. Our unique Cambridge English Scale score also provides more information on a candidate’s performance in each skill. Can Do statements are also included to indicate what someone could be expected to do at their level. Setting different ability benchmarks for different jobs has never been simpler.

1. Results include an overall CEFR level and Cambridge English Scale score, as well as results for each of the skills tested. This enables you to see candidates’ strengths and weaknesses at a glance, make informed decisions or identify areas for further development.

2. CEFR level descriptors tell you what candidates can be expected to do at their level.

3. Cambridge English Scale scores provide more detailed information about candidate performance, showing where they are within the CEFR levels.

Individual Test Reports

Receive clear, detailed reports for individual candidates.
Group Report

You can produce a breakdown of scores by group and level, allowing easy comparison of ability across your whole organisation.

The Group Report allows you to easily compare candidate scores and CEFR levels both in the individual skills and as an overall average.

Linguaskill

Linguaskill assesses English language ability from below A1 to C1 or above of the CEFR and reports scores from 52 to 180 on the Cambridge English Scale.

An asterisk (*) for a reading or listening score indicates that the candidate did not complete enough tasks to provide a reliable score for that part of the test.
An asterisk (*) for a speaking score indicates we could not assess the candidate’s responses due to audio quality issues.
A nil (0) for all results indicates that the candidate’s score is below the reporting threshold.
