

For a world beyond the classroom

To: **<insert name>**

Every parent's dream is for their child to succeed. Gaining a Cambridge English Qualification can create opportunities for your child to study abroad or progress in their career. Our qualifications are accepted and trusted by thousands of universities and organisations worldwide, giving your child endless possibilities for the future.

Cambridge English Qualifications are a range of exams specifically designed to help develop children's skills and confidence step by step. All of the tasks in our qualifications test all four skills – speaking, writing, reading and listening – so preparing for their exams helps children develop the skills they need inside and outside the classroom.

Join us on your child's journey to learn English and take the first step today. Come and find out more at **<insert event name>**.
